Ok so we mobilized the evening of the 17th . Mobile monitoring started the morning of the 18th and continues at 2 hours intervals so we will have for delivery today.

The 18th and 19th . The 20th will come tomorrow morning?

What should be the current reporting period to create the first one for? Do you need us to generate them for the previous reporting periods once established?

you know that data summary report we created for DWH?

Our management needs something similar to that. It really can be a one pager like CTEH's with a map of the days viper tracks
